J. Edgar Hoover:

Dear Sir:

Edward M.

Mr. Soyars. Tele. Room I am dropping you a few lines to give you my opinion of why this M:ss Holmes country is going from bad to worse. The younger generation Miss Gandy sees & reads about this rotten Kennedy clan - the coruption and lawlessness which they are part of in Boston and Mass. as a whole. The constitution says equal justice for everyone - why didn't he go to court for involentary manslaughter? (10-15 yrs)! A poor man would be serving his sentence already. I expect to see a revolution in this country brought on by politicians such as the Kennedys, Dod's, the Italian Judge who got a Superior Italian Judge friend to set his son free of multiple murder and drunk driving (justice?) How about 87 murders in Boston all unsolved. Edgar I think your department should have preceedence over all law enforcement depts. or groups in the entire United States. Tripple your manpower and move in anywhere where corruption and lawlessness exists. Their wealth and status does not and should not excempt them. I admire your unexcelled integredy and think you are the only man in this country that could do a real job on a real sick country.

Thank you kindly.

Girl addicts pass bad checks for Mafia, Boston paper says

BOSTON—(AP) — The Boston Globe said today more than \$1 million in counterfeit money, stolen postal orders and bank checks have been passed in the Greater Boston area in the last month by female drug addicts working for the Mafia.

The girls were paid at least \$200 a week, supplied with false identification to pass the checks, set up in motels and high-class apartments, and chauffered to and from the areas they worked, the Globe said it had learned.

One girl, the newspaper reported, said:

The girls, mostly teen-agers, the story said, were recruited by the Mafia on Boston Common, in the night club and theater district or in various narcotics hangouts throughout the city

The counterfeits and other negotiables, the Globe said, were shipped into the city by the Mafia and distributed to members of the organization.

"You only work a few weeks at a time, because the clerks will recognize you, one of the girls was quoted as saying. "But you can always get a job later. They always can use somebody like me."

The Inquest Rules Kennedy Wants

BOSTON—Senator Edward M. Kennedy has asked the Supreme Judicial Court of Massachusetts to set ground rules for any inquest into the death of Mary Jo Kopechne.

Specifically, an attorney representing

Mr. Kennedy requested:

• That the press and public be barred from the proceedings.

• That Judge James A, Boyle of the district court of Dukes County be disqualified from presiding.

• That Senator Kennedy be permitted a full legal defense by a lawyer empowered to cross-examine witnesses and object to evidence.

These requests were presented in a two-hour hearing October 8 before five justices of the Massachusetts court. An inquest had been scheduled for Septem-

ber 3 into the death of Miss Kopechine in Senator Kennedy's car last July 18. The inquest was postponed to let the State's highest court hear the appeal by Senator Kennedy.

Attorneys for Mr. Kennedy and nine other potential witnesses at the inquest argued that their clients' constitutional rights would be seriously compromised under rules set by Judge Boyle,

Senator Kennedy, his counsel said, would be "the focal point" in "an accusatory proceeding which could result in criminal action."

Joseph J. Hurley, an assistant attorney general who represented Judge Boyle, said an inquest could clear persons of suspicion. He added:

"Kennedy himself, on television, referred to innuendo and whispers and gossip. An inquest could serve to end this and to protect and clear the good name of Miss Kopechne as well."

For the past three years I have conducted a private research into the riots, violence, disorders and assassinations in America. My findings are official documented facts. Some of my discoveries disclosed the recent attempt to murder you. That your accidents of the 60s were not accidents but attempts at your life. Other facts prove that your family tragedies are not the unnatural acts of fate but are man made disasters, designed to destroy your and are aimed at the wealth of your family; as similar schemes are directed at the wealth of other American families. My facts include: 1. You are marked for death in the very near future, bycome I would say in the spring, 1970. Ib. You could not have caused the death of the Kopechne girl in July, 1969. Officer observed another man and woman in your car just before it was reportedly wrecked. This indicates that there was a plot to gain a witness to your being with Mary Jo at a certain time, thus, establishing you were with her in the car at or near the time the event was to be reported. His accurate recognition of the cars occupants saved your life. Mary Jo was probably already dead at the time. Ic. Alcoholic beverages are not the only means of getting intoxicated. The symptoms you mentioned to the press as experiencing after the alledged wreck of your car are also listed symptoms of Carbon monoxide intoxication, i.e. loss of memory, loss of the ability to recall, avoidence of unfamiliar situations. During the c evening of the cook out you were exposed to elements that would cause carbon monoxide intoxication. ENCLOSURE //294/

- 2. Therewere two persons known as Lee Harvey Oswald, working in the Texas School Book Despository in Dallas, Texas on the Ote President John F. Kennedy, was shot.
- 3. The same conspiracy caused the death of Senator Robert Kennedy, in Los Angeles, California, in 1968. I was in Los Angeles at the time and had written to the Senator informing him of some of my findings at the time, however, he was shot before I could see him in person. 3b The conspiracy is in great evidence here in that the slayer waited for his victum in the most unlikely place in the city to way-lay and shoot him; the kitchen of the hotel where a campaign party was planned. The Los Angeles papers reported the slayer waited for over an hour to shoot the Senator, this indicates the slayer knew before the Senator the exact kitchen section and the exact kitchen approach he would be coming, and the approximate time he was due. It further demostrates the slayer knew the outcome of the close political race as much as 3 days before election. (This is assumed because the slayer was reportedly seen practising firing his weapon 2 days before the election day results.)
- 4. Kennedy men of the age of consent ar destined-marked for a early demise in order that the Kennedy fortune will be easier to control. 4b. By destroying the Kennedy family they destroy the American image of close family, youth, successful goals, wealth. 4c. By slaying the Kennedys a symbolic image will arise displaying distaste for wealth and public office, 4d. Physical assassinations and character assassinations are added effects to discredit our democratic for of government; e.g. the man, the office, the government, the system.

I wrote to the head of the Democratic Party in this city in August, 1969 asking them to notify you of this plot against your family.

This is a ultra form of degregation in this the age of symbolism; e.g. motivation by audio-visual means of communicational learning to the exclusion of personal tests of logic, reason, school cirriculums, trial and

emror, etc.; to solve problems.

I cannot advise a protection but I strongly addise you seek the full protection of the law Congress passed in 1950 that was designed to protect Presidents and Senators. If it was not passed, them, the law enforcement authority of the government will advise you.

It is not my intentions to frighten you but to warn you. I am personally familiar with the horror you must have suffered during the dark hours of harried mental confusion on that morning in July, 1969. e.g. you were reported as saying that you were not clear on exactly what happened and you probably never would recall it fully. These are indications that your actions were directed and probably the statements of the incident. You actually admitted committing acts you were not certain you performed. It can be explained. It was a state of condition much like a alcoholic state but it is not a alcoholic state. It is a form of hypnotism.

All of my findings are officially documented. I will send you details as I have found them within ten days of the date of this letter. I have no other means of communicating with you and shall not use any other except writing.

I ask no fee.

Dear Sir,

I am writing in the hope you will do something, for I promise you that if you don't, if it takes over the next 20 years I am going to get the case of President John F. Kennedy re-opened.

In the past your department have been ridecouled in the handling of the case.

Let me make it clear that I am quite prepared to give myself up to you and give you everything you want.

In 1948 I joined the Mafia organization and was inoguarated by the Supreme Boss who is a Governor of one of your states in America. From 1948-1960 I did a lot of gun smuggling, and held many secret documents relating to the security of In 1962 I attended a meeting during which America. the main discussion was the killing of President John F. Kennedy. Now, although you did tap a conversation on Nov the 9th relating to the killing this was deliberately done for you to hear. although you caught one man and he was shot by another, up to now the man who really pulled the trigger is at large still, and the man who planned it all, for we knew we could not miss. In 1965 the killer was sent to me for a rest, but last October I sent him back upon instructions, for another assanin is to take place which is the last of the Kennedy's.

As I said before this is entirely up to you, but I can assure you that there is going to be quite a lot of killings.

Mr. Callahan London England Mr. Soyars Dear Sir Tele, Room b7C Miss Holmes. Miss Gandy Before I continue any further, I have taken a bible and sworn to tell the truth, the whole truth so help me God. I also want to make it clear that if you do nothing about this, if it takes me the next 20 years, whether I enter America legally or not, I am going to clear up certain matters. Also I am quite prepared to come over to and give you the Bosses (?) of Mafia. I am a Mafia, and joined the organization in 1948, although at the time I did not know. I used to do a bit of gun smugling. In 1952 I went to Trinidad where I met Frank Sinatra, and collected Secret documents from him. In 1961 I attended a general meeting of the Mafia, during which time the main discussion was the Killing of John F. Kennedy and Martin Luther King. Although you may have closed your files on the killing of the President, you are wrong, the man who actually killed him, also the man who paid the killer is alive and at this moment preparing to kill Senator E. Kennedy and Mr. Nixon. What does your department stand for, it stands for justice, do you really want to see Justice done, if so, I am prepared to come over to American (you pay my passage) give you the Supreme Boss, and men who is responsible for all those killings and for the present disturbances. Is a man's life worth only \$20,000 dollars. You may say to yourself why after all these years to write or what does he hope to gain. Well I will tell you. I don't want anything from you or your government, and the only thing I will gain is peace of mind. I have had no peace of mind for the last 9 years, and in some ways I feel that I have robbed three women of their husbands, and children of their father. So once more if you want to see justice done, and to give peace of mind soon, send for me as quickly as possible, if not you are going to have two more Major Killings on your hands, and two more widows. I am taking a very big risk in even writing you, much more in willing to come to America, for if any of this leaks out I am a dead man, for you know what the Mafia is like, so if you do want my evidence and send for me (for that is the only way I will give you and names or evidence), please do it as secretly as possible. 63-112941-NOT RECOVERS faithfully COPY:nm

DETAILS:

This matter is predicated upon receipt of a letter from the United States Secret Service, Washington, D. C., under date of December 3, 1969. This letter enclosed a letter addressed to Senator EDWARD M. KENNEDY, Washington, D. C., postmarked Atlanta, Georgia, November 24, 1969 and signed "The Committee of Two Hundred", a copy of which is set forth herewith:

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Senator Edward M. Kennedy, Senate Office Building, Washington, D.C.

Dear Senator Kennedy:

In case you do not know who we are, let me inform you that we are a dedicated group of individuals who are determined that something will have to be done about Senator Edward M. Kennedy.

We are a carefully selected group. We are all WASPS. We all served as Officers in World War II, and all saw lengthy combat service, some in Europe, some in the Pacific. We are all College graduates, and many of us hold advanced degrees. We all come from good families -- the backbone of America -- and some of our families are prominent, - perhaps not notorious, like the Kennedys, but prominent We all hold good positions in Industry or the Professions. In our wartime service, each and every one of us has killed one or more of the enemy's troops, so we all have blood on our hands. We feel, however, that, the persons we killed in battle were 100% better people than many whom we have to put up with today.

We do not like you, Mr. Kennedy. We think you are arrogant, spoiled, pampered, egotistical, incompetent and stupid. You are a disgrace to the Senate, and having you in the Senate is an insult to the American people.

We have decided to do something about this. We are dedicated to the task of removing you from office one way or another. We can be unscrupulous and we can be cold-blooded. Our membership is scattered throughout the fifty States, and we keep in touch with each other. We are after you, Mr. Kennedy, and one of us will get you.

You don't know who we are -- but we know who you are -- and that should give you something to think about

Assistant United States Attorney J. OWEN FORRESTER, Northern District of Georgia, Atlanta, Georgia, reviewed the contents of the letter addressed to Senator KENNEDY on December 10, 1969. Mr. FORRESTER said he believed that there is present a violation of Title 18, Section 876, United States Code, if the recipient of the letter (Senator KENNEDY) considered same to be a threat to injure him or take his life as construed by the judicial opinion set forth in the United States versus Prochaska 222 F. 2dl. Mr. FORRESTER 1 requested that Senator KENNEDY be interviewed to determine if he considered the letter to be a threat to injure him or take his life. If Senator KENNEDY's reaction was in the affirmative, then he (Mr. FORRESTER) desired investigation be conducted to possibly identify the person or persons responsible for sending this letter. Mr. FORRESTER suggested such investigation could include the obtaining of the names of the registrants of Hotel Utah and Motor Lodge, Salt Lake City, Utah, around period that instant letter was dated. He further stated that if Senator KENNEDY did consider this letter to be a threat to injure him or take his life and the persons who were responsible for sending said letter were identified, he would entertain prosecution.

A review of the current Atlanta Telephone and City Directories contain no information or reference to the "Committee of Two Hundred".

Mr. A. B. WENTZ, Special Agent in Charge, United States Secret Service, Atlanta, Georgia, on December 10, 1969 was advised of the opinion of Assistant United States Attorney J. OWEN FORRESTER. Mr. WENTZ stated his office is not conducting any investigation this matter at this time.

b7C

He stated that this postmark had been made by a "mark facer canceler" and that this type of canceler is only used at the Federal Post Office Annex in this city. He stated that it would be impossible to determine where this envelope had been deposited since all mail in the Metropolitan Atlanta area, including the airport, is brought to the Main Post Office Annex for cancelling. In regard to the five cent stamp on the envelope, this type of stamp was issued in the 1968 Christmas Season, however, some of these stamps could have still been in stock in various post offices in 1969 or more probably would have been in the possession of the person who used same during that period of time.

Captain Detective Bureau, Atlanta, Georgia Police Department on January 19, 1970, advised that he has not received any information concerning any organization known as the "Committee of Two Hundred" being in or around the Atlanta, Georgia area.

OWEN FORRESTER, Northern District of Georgia, Atlanta, Georgia, advised as of this date he had not received a reply to his letter of December 22, 1969 to the Department of Justice and any further inquiry in this matter would be held in abeyance.

On March 6, 1970, Mr. FORRESTER advised that he had telephonically discussed this matter with the Department of Justice and based on this discussion, he did not feel any further investigation was needed, however, he did furnish a letter to the Atlanta Office in this regard.

On March 25, 1970, Mr. FORRESTER stated that on March 20, 1970, he had again discussed this matter with Mr. of the Department of Justice. Mr. FORRESTER stated that no further inquiry in this matter was desired and that he was not furnishing a letter to the Atlanta Office as previously indicated.

The FBI at Washington, D. C., notified the U. S. Capitol Police and the Intelligence Division of the Metropolitan Police Department, both located at Washington, D. C., of the mailing of the above letter.

The FBI Laboratory searched the letter and the envelope in which it was mailed through the appropriate sections of the Anonymous Letter File without effecting an identification. The Laboratory determined the questioned typewriting appearing on the two specimens submitted most closely resembles a pica style of type spaced ten characters to the horizontal inch which has appeared on Royal typewriters. No watermark, indented writing, or other significant feature was observed which would indicate the immediate source of this material.

The FBI Identification Division, Latent Fingerprint Section, processed the original letter and envelope referred to above for possible latent prints of value. This processing reculted in developing one latent fingerprint on the envelope and seven latent fingerprints, two of which were made by sides and tips of fingers, on the letter. No identification record was located in the Identification Division for on basis of available information.

NATIONAL SOCIALIST WHITE PEOPLE'S PARTY Also Known As The American Nazi Party, American Nazis, The World Union of Free Enterprise National Socialists, The George Lincoln Rockwell Party

On May 26, 1969, a source advised that the American Nazi Party - World Union of Free Enterprise National Socialists (ANP-WUFENS) was organized by George Lincoln Rockwell at Arlington, Virginia, on February 26, 1956. It was based upon the concept of an international "National Socialist" movement, as espoused by the German Nazi Party, which was headed by Adolf Hitler. The ANP-WUFENS supports and follows the line of hatred against Negroes, Jews, and communists, through speeches, published literature, demonstrations and publicity-seeking devices for the purpose of seeking a legitimate dominant political party within the United States and foreign countries.

"The Richmond News Leader" issued dated April 4, 1963, published daily at Richmond, Virginia, stated that this organization is chartered in the State of Virginia as "The George Lincoln Rockwell Party" and that the Virginia Assembly prohibits the use of "Nazi" or "National Socialism" in a Virginia-chartered organization. As of January 1, 1967, the official name of this organization was changed to "National Socialist White People's Party," according to Commander Rockwell.

On August 25, 1967, George Lincoln Rockwell was assassinated in Arlington, Virginia, near the ANP Headquarters Building. The August 28, 1967, issued of the "Northern Virginia Sun," a daily newspaper published at Arlington, Virginia, stated that Matthias Koehl, Jr., took command of the Party after Rockwell's assassination.

NATIONAL SOCIALIST WHITE PEOPLE'S PARTY Also Known As The American Nazi Party, American Nazis, The World Union of Free Enterprise National Socialists, The George Lincoln Rockwell Party

On May 26, 1970, a source who has furnished reliable information in the past advised that the American Nazi Party - World Union of Free Enterprise National Socialists (ANP-WUFENS) was organized by George Lincoln Rockwell at Arlington, Virginia, on February 26, 1959. It was based upon the concept of an international "National Socialist" movement, as espoused by the German Nazi Party, which was headed by Adolf Hitler. The ANP-WUFENS supports and follows the line of hatred against Negroes, Jews, and communists, through speeches, published literature, demonstrations and publicity-seeking devices for the purpose of seeking a legitimate dominant political party within the United States and foreign countries.

"The Richmond News Leader" issue dated April 4, 1963, published daily at Richmond, Virginia, stated that this organization is chartered in the State of Virginia as "The George Lincoln Rockwell Party" and that the Virginia Assembly prohibits the use of "Nazi" or "National Socialism" in a Virginia-chartered organization. As of January 1, 1967, the official name of this organization was changed to "National Socialist White People's Party," according to Commander Rockwell.

On August 25, 1967, George Lincoln Rockwell was assassinated in Arlington, Virginia, near the ANP Headquarters Building. The August 28, 1967, issue of the "Northern Virginia Sun," a daily newspaper published at Arlington, Virginia, stated that ______, took command of the Party after Rockwell's assassination. This source advised that the organization continues with its aims and goals mentioned above.

Senator Edward Kennedy, U.S.S. D.C. Washington

> by Divine Command, 3:02

Dear Edward,

You should be able to recall - Commission of July 6th, 71, a particular excerpt which reads:-

Queried the other: "What if they kill him, like they killed Him on Calvary?"

They won't kill Our Archservant! Because, they know what shall happen to their people, were they to merely try. No! No one is going to so much as lay a finger on Our Archservant: God will see to that!

Rest assured, Edward, observation is equally applicable to you and Edward Brooks, in the cause of your faithfulness to roles - as expected of His Appointees. Not a hair, under such a circumstance, shall be touched on your heads?

Here is a striking example of His care, of the rare, He has set aside to administer to His exclusive affects. In this case, averred my Father unto me:-

They are coming to kill you. Fear not, I shall be with you.

Frankly, I looked forward to a foolhardy attempt of that nature. Notwithstanding, felt sure, I shall look down on the remains of the would-be assassins. It shall so chance, in harmony with me, you, and Brooks, owing to our exclusive roles - receiving our undivided loyalty. As expected of servants in our position. Amen.

Kennedy Man With Two Faces

ST. PETERSBURG — There times when even a convicted many is given a second chance, but there are many who are not about to give this same chance to Senator Kennedy after the escapade which resulted in the drowning of Mary Jo Kopechne. This is understandable!

The records of anyone accused of a crime are aired before the public in minute detail, but the findings of that tragic night in Chappaquiddick remain under lock and key.

Furthermore, the Senator has never shown any enmity toward those who have betrayed and made public secret government and FBI documents, instead, he contends that people are entitled to know the truth but he does not put into practice his theories when he himself is involved.

Senator Kennedy is the first to denounce any man with a questionable past, and he would be the first to demand that such a man not be elected to the Presidency! He is perfectly aware that his collaborators are moving heaven and earth to put him in the white House, but has done nothing to stop them.

Should it come to pass that the Senator would become a Presidential candidate, just as many people of Czech ancestry would vote for a Czech, and the Polish people for Muskie, so too would many Catholics vote for a Catholic, paying no heed whatsoever to the man's character or his policies, i.e., they would. vote for the Catholic Kennedy; the one who seeks to render powerless a President who is trying to save 69,000 American service men and prisoners of war in Vietnam: who conveniently ignores that the Communists are the aggressors, not the President; who would not mind if the Communists took over Vietnam, which

Kennedy Tried To Cover Up

TEMPLE TERRACE — In answer to Mrs. Donald R. Manley's letter of May 10, I feel I must ask how she justified Edward Kennedy's actions immediately following the accident which claimed Mary Jo Kopechne's life. Did he rush to the nearest house or telephone? Did he inform the police right away? Of course not. He talked with his cousin and called his attorney.

He tried to cover up his involvement by being at a holel making his presence. known. It was only after he realized

would result in the wholesale slaughter of the South Vietnamese.

Since I am Catholic and of Czech ancestry, I am well aware of people's racial chauvinism and religious bigotry. Kennedy himself demonstrates these same characteristics when he would have us become involved in his ancestral Ireland's problems, while consistently demanding our immediate withdrawal from Vietnam and disregarding the consequences.

Any Catholic who would cast his vote for Ted Kennedy only because of his religion or parental nationality, would be doing our country and the Church as much harm as the man with two faces — Senator Kennedy!

VLASTA BROZ

Defective Should Not Be President

TAMBA — In reply to the letter of Mrs. D. R. Manley, I would like to say that I don't think people are so much throwing stones at Senator Kennedy.

As she states, it was an unfortunate accident. For that we are not blaming Mr. Kennedy.

But at a time such as that he panicked, and lied,

I have compassion and sympathy for Mr. Kennedy and I also have the same feelings for retarded and mentally defective children, but I would not want them for President of these United States.

It is as simple as that. .

Letters must bear the writer's true name (signed in ink or pencil) and street address but, if specifically requested, only initials will be used in publication. The Tribune reserves the right to reject any letter or shorten it to meet space requirements. Normally, a letter may not exceed 500 words and must be written on only one side of the paper. Only original letters, written exclusively to The Tribune, will be considered. Poetry cannot be used.

there was no way out that he admitted the whole tragic story.

As for Mr. Roy S. Anthony pla ing "God", I am sure this was not his intention. However, it never ceases to amaze me the aura of God that surrounds the Kennedyr!

Oh, my darling, oh, my darling, oh, my darling, Mary Jo, You are lost and gone forever, and the truth we'll never know.

You were dancing at a party, and the hour was getting late. Then Teddy took you ruling and it proves to be your fate.

A right turn, he was not used to, to the left he always strayed. And this, my darling Mary, is why your life did fade.

Ten hours, you did stay there, in the water far below. And where was Ted those hours? Getting sober, as we know.

"A lady killer, that is Teddy.", Were the cries on the next day. With a neck brace to hold his head up, The TV viewers heard him say;
